Live Big

By: Randy Anderson

L – Love What You Do

Pursue your life's passion relentlessly!

I – Improve in some way everyday

It is a wasted day that does not, in some way, bring you closer to your full potential!

V – Velocity (The pace at which you run)

- PLUS -

E – Endurance (Perseverance to finish "the race")

You must find a speed at which you can run the "marathon" of life. Too fast and you'll burn out. Too slow and you won't cover enough ground.

B – Be the Best that YOU Can Be

Never compare your effort to someone else's effort… Potential is not a relative factor!

I – Influence Others for Good

You must be what you want your team to become.

G – Gain a Long-Range Perspective

Never let your To-Do list take precedent over your To-Be list.

Teaching the Essential Elements of Excellence for work and life!
